PROFESSIONAL SUMMARY

Network and systems engineer with nearly two years of experience in enterprise IT infrastructure, covering virtualization, storage, networking and endpoint security. Migrated 25 virtual machines with zero downtime, and supported 15+ VMware hosts and 20+ enterprise clients. BS in Information Technology from Quaid-i-Azam University (2024). Seeking a master's degree in France to build stronger theoretical foundations in software and systems.

PROFESSIONAL EXPERIENCE

Awais International, Islamabad

Enterprise Support Engineer *February 2026 – Present*

- Deployed and configured the NexaVM virtualization platform across 7 dual-socket servers and migrated 25 virtual machines with zero downtime, ahead of the deadline.
- Migrated 10 virtual machines from VMware to NexaVM remotely, preparing the target environment before cutover.
- Configured virtual switches, VLANs and SAN storage in 4 client environments and resolved L1/L2 issues within agreed SLAs.
- Designed Wi-Fi coverage for a university campus using Ruijie heat-mapping, with 4 access points and a switch per floor.

AHS Technologies Pvt Ltd, Islamabad

Network & System Engineer *November 2024 – January 2026*

- Supported deployment and maintenance of VMware ESXi and vCenter Server across 15+ virtualized hosts in enterprise data centres.
- Reduced security threats by 20% by configuring endpoint policies, user rules and agent deployments with Ivanti, Trend Micro and Forescout.
- Racked and configured Dell PowerEdge R750xs servers and a Dell PowerStore 500T during a data centre build-out; assisted with SAN/NAS, RAID and H3C HCI design and documentation.
- Monitored systems and analysed logs for 3 clients, documenting each fix to speed up resolution of recurring incidents.

National Information Technology Board (NITB), Ministry of IT & Telecom, Islamabad

Intern, Infra and Clouds Team *August 2024 – October 2024*

- Supported routine network and system tasks for the Infra and Clouds team.

EDUCATION

Quaid-i-Azam University, Islamabad

Bachelor of Science in Information Technology | CGPA: 2.9 / 4.0 *September 2020 – September 2024*

Key Areas: Data Structures, Programming (C++), Object-Oriented Programming (Java), Computer Communication and Networks, Network Security and Management, Web Engineering, Introduction to Machine Learning (Python)

Final Year Project: Electronic Document Handling (EDH), commissioned by the QAU Business Incubation Center. MERN-stack web application that moves university paperwork online, with multi-step staff and director approval and progress tracking for students.

FSc Pre-Engineering | 894 / 1100 (Grade A1) *April 2019*

Secondary School Certificate, Science | 965 / 1100 (Grade A1) *March 2017*

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Foundations Associate (October 2025)
- Ivanti Endpoint Manager Administrator (April 2025); Ivanti Neurons for Patch Management Administrator (June 2025)
- NITSEP Pentest Cyber Specialist Program (December 2024)
- Cisco CCNA (200-301) training course, Corvit Systems (August 2023 – January 2024)

SKILLS AND SYSTEMS

Infrastructure and Virtualization: VMware ESXi and vCenter, NexaVM, SAN/NAS storage, RAID, Dell servers

Networking and Security: Cisco LAN/WAN, VLANs, virtual switching, firewall configuration, Ruijie, patch management, endpoint security (Ivanti, Trend Micro, Forescout)

Programming: Java, C++, Python (academic coursework); MERN stack (final year project)

LEADERSHIP

Organizer, Department of IT, Quaid-i-Azam University (July 2023 – August 2024): planned 10+ technical seminars and workshops on AI, networking and cloud for 100+ participants, with 10+ industry professionals and academic experts.
